NOT A THEORY CLASS. A TRADING SYSTEM.

The Aibhoga Institute approach moves from understanding the market to applying a repeatable process. Every stage is designed to connect knowledge, execution, risk and review.

LEARNING → EXECUTION → REVIEW → DISCIPLINE THELEARNINGLOOP

01
BUILD THE FOUNDATION
Understand markets, terminology, futures mechanics and the language of price.

02
READ THE MARKET
Study technical structure, price action, zones, liquidity and context.

03
BUILD THE SETUP
Develop a defined gold-trading framework with clear conditions for entry and invalidation.

04
EXECUTE & REVIEW
Translate analysis into precise entries, stop-loss placement, position sizing and trade management. Journal decisions.

THE GOAL | Build a repeatable decision-making process - not dependence on calls, hype or isolated information.

SIX MODULES. ONE COMPLETE PATH.

01 TRADING FOUNDATIONS

Market basics, trading terminology, futures concepts, charts, sessions and the trader's workflow.

02 TECHNICAL ANALYSIS

Candlesticks, support & resistance, trends, price action, indicators and chart-based decision making.

03 GOLD TRADING MASTERY

Gold market behaviour, session characteristics, volatility, key levels and gold-specific setup development.

04 ADVANCED MARKET STRUCTURE

Liquidity, market structure shifts, zones, confirmations, multi-timeframe analysis and execution context.

05 RISK MANAGEMENT & PSYCHOLOGY

Risk per trade, position sizing, stop-loss logic, reward-to-risk, discipline, emotions and consistency.

06 PROP FIRM MASTERY

Evaluations, drawdown, account rules, funded-account management, payout discipline and the professional trader system.
